Participant Roster

UMA group participants are known as **UMAnitarians**. Become one today! The current leadership team is listed here.

This Participant Roster indicates those participants who signed the Group Participation Agreement (GPA) for the UMA group. Habitual non-attenders of meetings are at risk of being declared non-voting (sometimes called being an "observer"). Participants who wish to re-establish voting rights may do so simply by attending a meeting. Participants of all stripes always have mailing-list posting privileges.
Note: Since participants may move between voting and non-voting, and are moved to the second half of the table when they become non-voting (thus removing their record), the attendance record columns **do not** necessarily reflect actual attendance at any one meeting. Rather, they are a tool to help the chair manage quorum over time. Click on column headers to sort on them. "q(*n*)" means quorum was reached, with *n* being the minimum number of voting participants required.

As of 23 June 2012, quorum is 6 of 10.
