

Update for IAWG

- Updates to the SAC to accommodate challenges that have been encountered during assessments using NIST 800-63 Rev3 have been approved by an All-Member Ballot (October 27, 2018). These changes will be used by Assessors going forward.
- Revisions to the IAF Overview (IAF1000) continue. A draft has been sent to current Kantara Approved CSPs for their input. The IAF Glossary (IAF1100) will be the next document to be revised.
- The Group Charter has been endorsed by the Group and the current leadership team has been affirmed for another year.
