But there is just one more thing...
Introducing “IDTBD”…

Kantara (kan-TAR-a): Swahili for “bridge”; Arabic roots in “harmony”

Initiative: an introductory act or step; leading action
Purpose

- Kantara Initiative™ has as its primary focus to foster:
  - identity community harmonization
  - interoperability
  - innovation
  - broad adoption

- through the development of open identity:
  - technical “strawman” specifications (for submission to SSO’s)
  - operational frameworks
  - education programs
  - deployment and usage best practices

- for privacy-respecting, secure access to online services.
