Staff Updates

Leadership Council (LC) Updates

• There is going to be a virtual plenary meeting on June 23rd, 8am PST for four hours. Kantara work groups and discussion groups will be making presentations. Open to all members and participants, to look for opportunities for collaboration between the working groups. We have a collaboration point with eGov on RP requirements.

Tweet worth items - participant updates

No response. Good opportunities to toot the horn about industry things that relates to the work that Kantara does.

Discussion

Review of Richard's Draft 4-1-6 of the SAC

Scott asked Richard about change tracking. Change tracking is capturing changes since 4.0bis.

Scott asked Richard about using the PDF without line numbers, Richard pointed out that the Word version should be available online as well as the PDF. Suggestion that we make the request to the secretariat that the word version be found.
Some discussion about how to use the SAC in a data driven (perhaps hypertext) format, that could generate a word document and a spreadsheet format. Discussed putting a proposal to the board to implement something like this.

Richard suggests submitting a requirements document to the board and request the tools we are asking for. Ken will take a pass at creating the requirements for this.

AOB

Cathy inquired about the OIXnet trust framework registry. [http://openidentityexchange.org/2015/04/oixnet-launch/](http://openidentityexchange.org/2015/04/oixnet-launch/) Scott agreed we should ask the Kantara staff about whether there are plans to join this registry.
