

# Participant Roster

## Participant Roster

UMA group participants are known as **UMAnitarians**. [Become one today!](#) The current leadership team is listed [here](#).

**This Participant Roster indicates those participants who signed the [Group Participation Agreement \(GPA\)](#) for the UMA Work Group.** Habitual non-attenders of meetings are at risk of having their participation status unilaterally changed to non-voting. Participants who wish to re-establish voting rights may do so simply by attending a meeting and stating this preference. Participants of all stripes always have mailing-list posting privileges.

As of 17 Feb 2020, quorum is 5 of 8. This table tracks voting participants of the UMA Work Group and attendance at regular telecons. (Participation in ad hoc meetings is not formally tracked.) Since participants may move between voting and non-voting status, and are moved to the second table when they become non-voting (thus removing their record), the attendance record columns **do not** necessarily reflect actual attendance at any one meeting. Rather, they are a tool to help the chair manage quorum and need for status changes over time. The "**q(n)**" designation means quorum was reached, with *n* being the minimum number of voting participants required.
