UMA Twitter Chat

Schedule

Thanks for joining our User-Managed Access (UMA) Twitter chats! Currently we don't have another one scheduled. Please feel free to reach out to us on Twitter anytime at [@UMAWG](#) and to use the [#UMAWG](#) hashtag whenever you mention or discuss UMA.

Notes on participating in UMA Twitter chats

Our chat hashtag is [#umachat](#). If you write in, be sure to use it! An easy way to follow along is to use [TweetChat.com](#). (Try the [Muuter.com](#) tool if you don't want to participate in the chat and want to mute chatting participants in your timeline for a defined period.)

If you want to help us get the word out, use the short link <http://tinyurl.com/umachat> to take people back to this page.

Your hosts are:

- Eve Maler, UMA group chair ([@xmlgrll](#))
- Maciej Machulak, UMA group vice-chair ([@mmachulak](#))

The focus of this chat series is:

- The UMA [spec](#)
- UMA [implementations](#)
- Development advice, best practices, and interoperability testing

...or whatever UMA-related topics you want to float.

If you have any comments or suggestions ahead of time, feel free to tweet directly to [@UMAWG](#) and/or the hosts, and/or include the hashtag [#UMACHAT](#) or [#UMAWG](#) to get our attention.
