15 min	v2 specification timeline	Andrew	<ul style="list-style-type: none"> • We have tentatively identified a PM for the v2 project • Tentative plan is to start a small team after EIC to collect up any and all requirements and requests for v2, 'normalize' the language, figure out a good approach for structural reform in order to support effective spec profiling, present back to the WG for prioritization and feedback. Then to produce a first cut Draft-0 of v2. • After the Draft-0 is ready, it will be turned over to the WG for consensus-finding/editing. • Draft-0 should be sufficient for contribution into the ISO study period as a starting point • ACTION: All to write up their use cases for analysis
30 min	Demo status update	all	<ul style="list-style-type: none"> • Here's the project page for the "Demo v2" • Here are the slides that go with the live demo • TUESDAY was the first showing during the Kantara workshop at EIC, WEDNESDAY was the dedicated presentation at EIC !!
