UMA extension efforts

We are undertaking some important new work on an UMA "policy manager" extension, and more. You can check it out by reading our [Meetings and Minutes](#), and if you're interested to contribute, be sure to click our [Join](#) link above!

Here are the [UMA Grant](#) ([PDF](#), [HTML for deep linking](#)) and [UMA Federated Authorization Recommendations](#) ([PDF](#), [HTML for deep linking](#)). Don't miss the [UMA2 masterclass](#) delivered by two [UMAnitarians](#) at the [Identiverse](#) conference in Boston in June 2018 ([slides](#) and [video](#)). (The [slides](#) and [video](#) from the previous year's [Authorization: Age of UMA](#) session set in the [Marvel Cinematic Universe](#) was also a big hit!) The [Release Notes](#) review all final [UMA1-to-UMA2](#) changes. See also the [UMA Implementer's Guide](#), our list of known [Implementations](#), and discussions of [Case Studies](#). Finally, see the detailed [UMA Grant sequence diagram](#) and [FedAuthz sequence diagram](#).

User-Managed Access (UMA) is an [award-winning](#) OAuth-based protocol designed to give an individual a unified control point for authorizing who and what can get access to their digital data, content, and services, no matter where all those things live. Read the [specs](#), join the [group](#), check out the [implementations](#), follow us on [Twitter](#), get involved!

The group is currently working on extensions to UMA V2.0.
