### Agenda

1. Review [July 6](#) minutes, [June 6](#) and [April 27](#) minutes. <http://kantarainitiative.org/confluence/display/ias/IAS+telecon+2010-04-27+PENDING>
2. Call for other use cases from members – this will be a standing agenda item  
If you have a project in progress where you can draw on AuthZ-related use cases, it's a win for you and the WG
3. Develop a plan to put AuthZ use cases into context of deliverables  
We need to begin thinking about how IAS WG can add value to the AuthZ topic, esp. considering that other groups' mandates touch on it as well
4. Review IAS WG participation in AuthZ workgroup at Catalyst (Jul 27) <http://kantarainitiative.org/wordpress/2010/06/authorization-standards-workshop-at-burton-catalyst-san-diego-july-27-2010-1230-230pm/>  
I hope that we will be able to post a draft of the deck before the meeting.
