

2020-05-19 Meeting notes

Date

19 May 2020

Attendees

- [Jeff Brennan](#)
- [Jim Kragh](#)
- [Tom Jones](#)
- [Noreen Whyssel](#)

Regrets

- [Bev Corwin](#)
- [Salvatore D'Agostino](#)
- [Mary Hodder](#)

Goals

- ONC-CMS call last Thursday presented a Public Health Centers - Vulnerable Population question with a Use Case (attached)
- CSP enhances with input from three WGs https://wiki.idesg.org/wiki/index.php/Credential_Service_Provider
- A need for IDEF and a Trust Registry for app developers before health care apps are required to be accepted by healthcare providers - base on our discussion with Colin & Dr. Tom last week

Meeting convened at 12:24pmEDT

Discussion items

Time	Item	Who	Notes
12:24PM EDT	ONC-CMS Public Health Centers - Vulnerable Populations	Jim Kragh	<p>Noreen sent Questions/Edits to Jim with track changes</p> <p>ONC Office of National Coordination</p> <p>CMS- Centers for Medicare & Medicaid Services https://www.cms.gov/Medicare/Medicare-General-Information/Telehealth</p> <p>ONC-CMS has funding and are looking for solutions to the following:</p> <p>Issues:</p> <ul style="list-style-type: none">• Telemedicine and COVID: ONC-CMS had to drop a lot of requirements to provide service (login online, no matching, no insurance card required)• Public Health Centers - this will be our focus• Pharmaceutical trials <p>June 1 Conference and Identity Matching session - online</p> <p>https://kauffmaninc.adobeconnect.com/hhs_onc_june2020/event/event_info.html</p> <p>Jim and Tom Sullivan registered to give 10 minute presentation</p> <p>Tom: They are interested in the ability of a non-insured person to get access to telemedicine, including non-privately insured people (Medicare/Medicaid). How to get the vulnerable population access to services?</p> <p>Social worker: Helps vulnerable people get access to Meds, clothing, shelter. They are a Trusted authority on behalf of local authority. VA uses biometrics, local DMV issuing ID cards.</p> <p>91% of uninsured have smartphones or flip phones. Majority have smartphones.</p>

12: 45PM EDT	Credential Service Providers	Tom Jones	https://wiki.idesg.org/wiki/index.php/Public_Health_Centers#Goals Discussion of Goals <ol style="list-style-type: none"> 1. The patient is reliably matched to their Electronic Health Records (EHR) at a portable kiosk. 2. The patient is given access to their health information in a secure manner. 3. Patients have the means to access telemedicine with a linkage to their PHI on an EHR. 4. The patient outcomes are improved by easy exchange and monitoring of patient compliance with the care plan. Telemedicine: Replace term with "remote connection to a practitioner" Monitor: can be automated or input by patient Focus case on smartphone, fall back is flip phone (SMS) then phone call.
1PM EDT	Trust Registry for app developers	Jim Kragh	Colin is interested in exploring this Jim K, Tom Sullivan and Colin are to meet to discuss this. Vote unanimous to submit the updated wiki document and proposal to ONC.

Action items

- Noreen Whysel and Tom Jones to revise documents to match updated CSP wiki document.
- Jim Kragh to submit both to ONC in advance of the June 1 meeting
