

Working Drafts

This page collects our draft specifications and other auxiliary material, and various other useful materials that may contribute to them. See the list of child pages at the bottom for a summary.

Actively Being Worked On

- [NIH Scenario Web Mockup](#) - HTML mockup of the [NIH Scenario](#)
- [Inputs to the Selection UI](#) - Inputs to the "ISA" identity selection agent
 - [Sample JSON RP Metadata](#)

Scenarios

- [ULX Scenarios and Use Cases](#)

Following are scenarios and ideas for scenarios that we have collected (and have combined into the above master document).

Priority	Scenario	Distinctive aspects	Champion	Status
A	NIH	Multi-protocol login	Paul	In wiki , pending

Other documents

- [Requirements](#) - starter page
- [RP Metadata](#) - information about how to login to RP
- [Login Flows](#) - early, rough diagram of overall login process

Mockups

- [NIH Scenario Web Mockup](#) - HTML mockup of the [NIH Scenario](#)
- [NIH Scenario Static Mockup](#) - our first static mockup of the [NIH Scenario](#)
 - [Searching within the Pop Up](#)

Misc Visual Elements

- [Non-chrome Login Button](#)
