No Quorum

We need to have an election for Chairs.

2. SAML2INT

Nick Roy gave the group a quick update on the REFEDS issue (TomB already invited REFEDS at the beginning of the workgroup), and that we'll circle back around to Kantara for possible collaboration on the eGov - FIWG Implementation Profile deltas and the saml2int - relevant stuff when we reach that point.

3 IssueInstant

We haven't been able to find any reference to replay protection for AuthnRequest in the specs yet. Scott is going to look to see if a Errata is warranted to at-least capture the security considerations.
