- Moved Rainer
- Adopted

1. Discussion of Connect profile

Working Draft on the Wiki [OpenID Connect Profile](#)

Discussion on the profile supporting the "code id_token" response type or just the "code" response type for simplicity.

John will do a draft with the "code id_token" response type removed.

2. Meta-data service

Rainer wants to publish Schematron rules for validating meta-data for the Austrian Gov federation.

The recommendation was to publish them to FI and REFEDS for discussion.
