Participant Roster

UMA group participants are known as **UMAnitarians**. [Become one today!](#) The current leadership team is listed [here](#).

This Participant Roster indicates those participants who signed the [Group Participation Agreement \(GPA\)](#) for the **UMA Work Group.** Habitual non-attenders of meetings are at risk of being declared non-voting (sometimes called being an "observer"). Participants who wish to re-establish voting rights may do so simply by attending a meeting and stating this preference. Participants of all stripes always have mailing-list posting privileges.

As of 28 Mar 2013 (pre-meeting), quorum is 6 of 10. This table tracks voting participants of the UMA Work Group, and also voting participant attendance at recent "all-hands" meetings in which the WG's goal is to attain quorum. (Participation in ad hoc and "focus" meetings – most of our regular weekly meetings at this point -- is not formally tracked. See individual meeting notes to see who attended.) Since participants may move between voting and non-voting status, and are moved to the second table when they become non-voting (thus removing their record), the attendance record columns **do not** necessarily reflect actual attendance at any one meeting. Rather, they are a tool to help the chair manage quorum over time. The "**q(n)**" designation means quorum was reached, with *n* being the minimum number of voting participants required.
