- Roll Call
no Quorum

1) Balloting for the Kantara SAML v2.0 Implementation Profile for Federation Interoperability
-WG balloting was successful, staff is preparing the document for the Leadership Council balloting

2) Rainer will take the Implementation Profile to the egov WG now

3) Rainer will host a hackathon at the 2018 TIIME conference, for open source IAM - pySAML, SATOSA, other OSIAM projects- example: Shibboleth would be a great addition
