

2011 Archived FIWG Participant Roster

Note: A new sorting plugin has been added allowing users to individually control their view by toggling column headers.

This Participant Roster indicates those participants who signed the [Group Participation Agreement \(GPA\)](#) for the Federation Interoperability group. Habitual non-attenders of meetings are at risk of being declared non-voting (sometimes called being an "observer"). Participants who wish to re-establish voting rights may do so simply by attending a meeting. Participants of all stripes always have mailing-list posting privileges.

Note: Since participants may move between voting and non-voting, and are moved to the second half of the table when they become non-voting (thus removing their record), the attendance record columns **do not** necessarily reflect actual attendance at any one meeting. Rather, they are a tool to help the chair manage quorum over time.

As of 5 Dec 2011, quorum is 4 of 6.
